## *Custom* VEIL EMBROIDERY

Hello & welcome!

I'm Sofja and I am the Creative Director and Founder of IKLEKTIK INK.

At IKLEKTIK INK, I specialize in transforming your wedding vision into reality with my exquisite custom veil embroidery.

As Australia's only "bring your own veil" service, I offer a unique opportunity to add personal touches and significant details to your existing veil.

My unique approach to incorporating sentimental and custom designs into bridal accessories provides a contemporary twist on traditional elements, adding a stylish edge to your wedding attire.

From delicate floral designs to intricate monograms, bridal embroidery adds a touch of elegance and individuality to your wedding ensemble.

I pride myself on my meticulous craftsmanship and attention to every small detail.

I understand the importance of your wedding day and offer a deeply personalized service to ensure your veil is uniquely yours.

## Font SELECTION

Create a veil as individual as you! We do all our digitisation of artwork and fonts in-house, so you are not limited with options!

Some of our brides have chosen to work with calligraphers to get their designs, whilst others choose a more personal approach and have had loved ones handwriting embroidered to their veil.

There is no limit to what you would like...

If you are struggling with options, here are a few font options we love the most:

Mr. & Mrs  
Mr. & Mrs  
Mr. & Mrs  
Mr. & Mrs  
Mr. & Mrs

## *The Process* IS EVERYTHING

### Veil Embroidery Process

#### 1. Consultation:

- Discuss your vision: We'll have a detailed conversation to understand your desired design, themes, and personal touches you want to see on your veil.
- Custom Design: Collaborate with me to create a unique embroidery pattern that reflects your style and complements your wedding attire.

#### 2. Full-Size Test Stitch:

- Initial Test: Before we embroider on your actual veil, we'll create a full-size test stitch on a tulle fabric. This allows you to see the design, check the size, and observe the finish quality.
- Detailed Review: Review the test patch to ensure every detail meets your expectations. You can make adjustments to the design, size, or placement based on this test.

#### 3. Perfect Placement:

- Precise Placement: Using the test patch as a guide, we meticulously plan the perfect placement of the embroidery on your veil. This step ensures symmetry, balance, and alignment with the veil's natural flow.
- Final Approval: Once you're completely satisfied with the test stitch and placement plan, we'll proceed to the final step.

#### 4. Embroidery on Veil:

- Execution: I will carefully embroider the final design directly onto your veil. Using top-quality threads and innovative techniques, ensuring that every stitch is impeccable.
- Quality Check: The finished veil undergoes a thorough inspection to guarantee precision and quality before it is handed over to you.

#### 5. Completion and Delivery:

- Your veil is now complete: Where possible we aim to have your veil completed before your final dress fitting, giving you the opportunity to see your complete bridal look before the big day.
- Pickup/Delivery: Your veil will be carefully packaged and ready for you to pick up, or we can arrange for secure delivery.
